UC DAVIS Bound!

On August 29, 2024 students and staff from Lemoore Online's *College Bound Club* traveled to Davis, CA, to experience and explore the UC Davis campus. It was an exciting day for all. Students had the opportunity to sit in real college classrooms, walk amongst college students, and were guided around the college campus by a UC Davis Tour Guide. Students and staff asked lots of questions and left with a clear picture of both how *competitive* the application process is and also the *unique opportunities* available to UC Davis students. A few of our students on the trip are planning to apply to UC Davis!

"I was at Jamison High School for 20 years before moving to Lemoore Online. My favorite thing about being a Lynx teacher is that I have more opportunities to foster relationships with my students and their families. I have also enjoyed being able to work with students who have such a wide variety of interests and post high school plans."

~ Mr. Righetti

PROGRAM Spotlight: ELD

For the first time ever at Lemoore Online we are proud to announce that we have an ELD class lead by our own Mrs. Jacobs! Designed to provide extra support to those students whose first language was not English, this class offers students extra tools and guidance when it comes to both improving their English language skills as well as navigating the world of online learning. Students had this to say about the class:

- "We learn about other cultures."
- "We share our writing with each other."

To our students and their amazing teacher, we are so proud of your work together!

R.I.A.S.E.C.

This year we are taking our students on a journey into the world of 21st century careers via our Homeroom. To make this journey more personal and relevant, each student will be guided by the knowledge of their R.I.A.S.E.C. traits - 6 different “personality types” that define our broader interests and career aptitudes. Our counselor, teachers and students will continue to discuss and refer to these traits throughout the year. The traits will also be highlighted for our students when they attend the LHS Career Expo next month!

R = Realistic
I = Investigative
A = Artistic
S = Social
E = Enterprising
C = Conventional
